FEATURES & BENEFITS

- The 17x8mm profile is suitable for just about any project you can imagine. An ideal choice for display units, false ceilings, under kitchen units and more.
- These Recessed Flat Aluminium Channels allow for a flush install into grooves or furniture pieces. They also work as a heat sink, which aids the LEDs lifespan as well as slowing down any brightness degradation over time.
- Suitable for both dry and damp locations.
- Available in bespoke lengths.
